To Whom It May Concern:

I writing to express my interest in applying for the position of .NET Developer. The experience that I have gained while working with and expanding the programming skills I acquired at UC Berkeley will make me an asset to your company.

My experience and qualifications are in line with the requirements you have listed for this position. I have developed web applications using .NET framework, VB.NET, C#, HTML, JavaScript, and SQL with Object Oriented Programming principles in mind. I have also collaborated with clients and partners to developed data management systems and web apps that maximize ease of use, efficiency, and functionality.

I find fulfillment in being challenged, in learning new ways to design intuitive, user friendly applications, and in sharing my knowledge to others. I am eager to bring the same drive and propensity for learning that has allowed me to work successfully in a variety of fields to your company.

Thank you for your consideration. I look forward to hearing from you.

Sincerely,
Adriana Guerra
