To Whom It May Concern:

I writing to express my interest in applying for the Fron End Software Engineer position. I believe the breadth of experience that I have gained while working in a variety of fields would make me an asset to your company in this position.

My experience and qualifications are in line with the requirements you have listed for this position:

- I have developed websites and web apps using HTML, CSS, and JavaScript.
- I have used GIT for collaboration and source control.
- I have worked directly with clients to develop database software which has given me experience communicating technical concepts with clients and intepreting client needs.
- I have particpated in full software design while working with a partner to develop database software and web apps.

Beyond that, I have developed websites using .NET Framework, ASP.NET, C#, and VB.NET. I also have experience working directly with SQL and developing database architecture.

I find fulfillment in being challenged, in learning new ways to design user friendly applications, and in sharing my knowledge to others. I am eager to bring the same drive and propensity for learning that has allowed me to work successfully in a variety of fields to your company.

Thank you for your consideration. I look forward to hearing from you.

Sincerely,
Adriana Guerra
